

**IT Federal Sales, LLC**  
**Rider to Manufacturer Commercial Supplier Agreements**  
**(for U.S. Government End Users)**  
**Revised 20161219**

- 1. Scope.** This Rider and the Manufacturer’s Commercial Supplier Agreement (CSA) establish the terms and conditions enabling IT Federal Sales, LLC (ITFS) to provide Software and Services to U.S. Government agencies (the "Client" or “Licensee”).
- 2. Applicability.** The terms and conditions in the attached Manufacturer’s CSA are hereby incorporated by reference to the extent that they are consistent with Federal Law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341(a) (1) (B)), the Contracts Disputes Act of 1978 (41. U.S.C. § 601-613), the Prompt Payment Act, the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 § U.S.C. 15), 28 U.S.C. § 516 (Conduct of Litigation Reserved to Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent the terms and conditions in the Manufacturer's CSA is inconsistent with the Federal Law (*See FAR 12.212(a)*), they shall be deemed deleted and unenforceable under any resultant orders under ITFS’ Multiple Award Schedule Contract, GS-35F-0494T, including, but not limited to the following:

  - (a) Contracting Parties.** The Government customer (Licensee) is the “Ordering Activity”, defined as an entity authorized to order under Government contracts as set forth in General Services Administration Order OGP 4800.2I, as may be revised from time to time. The Licensee cannot be an individual because any implication of individual licensing triggers the requirements for legal review by Federal Employee unions. Conversely, because of competition rules, the contractor must be defined as a single entity even if the contractor is part of a corporate group. The Government cannot contract with the group, or in the alternative with a set of contracting parties.
  - (b) Changes to Work and Delays.** Subject to General Services Administration Acquisition Regulation (GSAR) 552.238-81 Modifications (Federal Supply Schedule) (APR 2014) (Alternate I – APR 2014) and GSAR 552.212 -4 (f) Contract Terms and Conditions – Commercial Items, Excusable Delays (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored) regarding which of the GSAR and the FAR provisions shall take precedence.
  - (c) Contract Formation.** Subject to FAR Sections 1.601(a) and 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

- (d) Audit.** During the term of this CSA: (a) If Ordering Activity's security requirements included in the Order are met, Manufacturer or its designated agent may audit Ordering Activity's facilities and records to verify Ordering Activity's compliance with this CSA. Any such audit will take place only during Ordering Activity's normal business hours contingent upon prior written notice and adherence to any security measures the Ordering Activity deems appropriate, including any requirements for personnel to be cleared prior to accessing sensitive facilities. ITFS on behalf of the Manufacturer will give Ordering Activity written notice of any non-compliance, including the number of underreported Units of Software or Services ("Notice"); or (b) If Ordering Activity's security requirements are not met and upon Manufacturer's request, Ordering Activity will run a self-assessment with tools provided by and at the direction of Manufacturer ("Self-Assessment") to verify Ordering Activity's compliance with this CSA.
- (e) Termination.** Clauses in the Manufacturer's CSA referencing suspension, termination or cancellation of the Manufacturer's CSA are hereby deemed to be deleted. Termination, suspension or cancellation shall be governed by the GSAR 552.212-4 and the Contract Disputes Act, 41 U.S.C. §§ 601-613, subject to the following exceptions:
- ITFS may request cancellation or termination of the CSA on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolutions process referenced in Section (q) below or if such remedy is otherwise ordered by a United States Federal Court.
- (f) Consent to Government Law / Consent to Jurisdiction.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C §§ 7101-7109) and Federal Tort Claims Act (28 U.S.C. §1346(b)). The validity, interpretation and enforcement of this Rider and the CSA will be governed by and construed in accordance with the laws of the United States. All clauses in the Manufacturer's CSA referencing equitable remedies are deemed not applicable to the Government order and are therefore deemed to be deleted.
- (g) Force Majeure.** Subject to GSAR 552.212 -4 (f) Contract Terms and Conditions – Commercial Items, Excusable Delays (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored). Unilateral Termination by the Contractor does not apply to a Government order and all clauses in the Manufacturer's CSA referencing unilateral termination rights of the Manufacturer's CSA are hereby deemed to be deleted.
- (h) Assignment.** All clauses regarding Assignment are subject to FAR Clause 52.232-23, Assignment of Claims (MAY 2014) and FAR 42.12 Novation and Change-of-Name Agreements, and all clauses governing Assignment in the Manufacturer's CSA are hereby deemed to be deleted.
- (i) Waiver of Jury Trial.** All clauses referencing waiver of Jury Trial are subject to FAR Clause 52.233-1, Disputes (MAY 2014), and all clauses governing waiver of jury trial in the Manufacturer's CSA are hereby deemed to be deleted.

- (j) **Customer Indemnities.** All of the Manufacturer's CSA clauses referencing Customer Indemnities are hereby deemed to be deleted.
- (k) **Contractor Indemnities.** All of the Manufacturer's CSA clauses that (1) violate DOJ's right (28 U.S.C. 516) to represent the Government in any case and/or (2) require that the Government give sole control over the litigation and/or settlement, are hereby deemed to be deleted.
- (l) **Renewals.** All of the Manufacturer's CSA clauses that violate the Anti-Deficiency Act (31 U.S.C. 1341, 41 U.S.C. 11) ban on automatic renewal are hereby deemed to be deleted.
- (m) **Future Fees or Penalties.** All of the Manufacturer's CSA clauses that violate the Anti-Deficiency Act (31 U.S.C. 1341, 41 U.S.C. 11), which prohibits the Government from paying any fees or penalties beyond the Contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act, or Equal Access To Justice Act 31 U.S.C. 3901, 5 U.S.C. 504 are hereby deemed to be deleted.
- (n) **Taxes.** Taxes are subject to GSAR 552.212-4(k) Contract Terms and Conditions – Commercial Items, Taxes (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored) and GSAR 552.212-4 (w) (1) (x) Contract Terms and Conditions – Commercial Items, Taxes (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored).
- (o) **Third Party Terms.** Subject to the actual language agreed to in the Order by the Contracting Officer. Any third party manufacturer will be brought into the negotiation, or the components acquired separately under Federally-compatible agreements, if any. Contractor indemnities do not constitute effective migration.
- (p) **Installation and Use of the Software.** Installation and use of the software shall be in accordance with the Rider and Manufacturer's CSA, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid task order placed pursuant to the Government contract.
- (q) **Dispute Resolution and Venue.** Any disputes relating to the Manufacturer's CSA and to this Rider shall be resolved in accordance with the FAR, the GSAR and the Contract Disputes Act, 41 U.S.C. §§ 7101-7109. See GSAR 552.212-4 (w) (1) (iii) Contract Terms and Conditions – Commercial Items, Law and Disputes (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored). The Ordering Activity expressly acknowledges that ITFS, as the vendor selling the Manufacturer's licensed software, shall have standing under the Contract Disputes Act to bring such claims that arise out of licensing terms incorporated into Multiple Award Schedule Contract GS-35F-0494T.

**(r) Limitation of Liability: Subject to the following:**

ITFS, Manufacturer and Ordering Activity shall not be liable for any indirect, incidental, special, or consequential damages, or any loss of profits, revenue, data, or data use. Further, ITFS, Manufacturer and Ordering Activity shall not be liable for punitive damages except to the extent this limitation is prohibited by applicable law. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Government Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

**(s) Advertisements and Endorsements.** Unless specifically authorized by an Ordering Activity in writing, such use of the name or logo of any U.S. Government entity is prohibited.

**(t) Public Access to Information.** Manufacturer agrees that the CSA and this Rider contain no confidential or proprietary information and acknowledges the CSA and this Rider will be available to the public.

**(u) Confidentiality.** Any provisions that require the Licensee to keep certain information confidential are subject to the Freedom of Information Act, 5 U.S.C. §552, and any order by a United States Federal Court. The Licensee may provide information to other components of the United States Government pursuant to proper requests for such information as permitted by law, regulation or policy (e.g., disclosures to Congress, auditors, Inspectors General, etc.).

## End User Software License Agreement

This End User Software License Agreement (the "Agreement") is by and between CounterTack, Inc., a Delaware corporation with its principal place of business at 100 5<sup>th</sup> Ave, First Floor, Waltham, Massachusetts 02451-1208 ("CounterTack") and the Customer named in the Product Order ("Customer").

**1. Products:** The Product Order sets forth the software licensed to Customer, in object code format ("Software"), and all bug fixes, updates, and new releases of the Software (collectively, "Improvements") provided to Customer under Maintenance and Support Services. "Documentation" means any documentation for the Software that may be provided to Customer, in electronic format or otherwise.

**2. License Grant and Restrictions:** CounterTack hereby grants Customer a non-exclusive, non-transferable, limited license for the term of the subscription period set forth in the Product Order, to (i) execute the Software and any Improvements only as installed, and (ii) use the Products only in accordance with the Documentation and only within and for Customer's internal business operations. Customer shall not (and shall not allow any third party to): (i) copy the Software or Documentation or any portion thereof; (ii) translate, decompile, disassemble, or otherwise reverse engineer or attempt to discover any source code or underlying ideas or algorithms of the Software (except to the extent that the provisions of this clause are expressly prohibited by applicable law); (iii) remove any product identification, patent, copyright or other notices; (iv) provide, lease, lend, use for timesharing, outsourcing, hosting or service bureau purposes or allow others to use the Software; (v) modify, incorporate into or with other software or create a derivative work of any part of the Software or Documentation; or (vi) create or disseminate performance information or analysis (including, without limitation, benchmarks) relating to the Software.

**3. Maintenance and Support:** CounterTack will provide maintenance and support services ("Maintenance and Support Services"), under the terms and conditions set forth in the Product Order and/or separately attached maintenance and support terms, as applicable. As part of Maintenance and Support Services, CounterTack will provide Customer with all bug fixes and updates to the Software. Any Improvement provided to Customer will be considered "Software" subject to the provisions of this Agreement; provided that CounterTack may license an update, modification, or release (including but not limited to a new version of Software) on separate, different or additional terms (including for an additional fee).

**4. Fees; Payment:** Customer shall pay all fees and other charges set forth in the Product Order. All fees and charges are quoted and payable in U.S. dollars and are exclusive of taxes, duties and the like, which shall be paid by Customer. Subject to Clause 8.1, all amounts payable hereunder are non-refundable. Unless otherwise stated in the Product Order, all fees and charges are due thirty (30) days from receipt of a valid invoice.

**5. Term; Termination:** This Agreement and the license granted hereunder is effective until terminated. This Agreement and the license granted hereunder will terminate automatically (i) upon any breach hereof by Customer that is not cured within 10 days of receiving notice of such breach. Upon any termination of the license, Customer shall immediately cease all use of the Software and Documentation; shall return or permanently delete from all

systems under its control (at CounterTack's option) all copies of the Software and Documentation and all portions thereof; and shall return to CounterTack all Confidential Information of CounterTack, including all copies and extracts thereof, in Customer's possession or control. Customer agrees to certify its compliance with this Section 6 on request. Sections 5, 6, 7, 8, 9.2, 11 and 12 shall survive any termination of the License and this End User License Agreement.

### 6. Proprietary Rights:

**6.1 General.** The Software and Documentation are the intellectual property of and are owned by CounterTack and its suppliers. Except as expressly stated herein, this Agreement does not grant Customer any intellectual property rights in the Software or Documentation, and all rights not expressly granted are reserved by CounterTack.

**6.2 Third Party Products.** Software may contain third-party software that requires notices and/or additional or different license terms and conditions, all of which are described in more detail in Exhibit A attached hereto, which may be updated by CounterTack upon release of any Improvement. Such third party software is referred to herein as "Third Party Software."

**6.3 Suggestions.** Customer may, from time to time, provide suggestions, techniques, know-how, comments, feedback or other input to CounterTack with respect to the Software (collectively, "Suggestions"). Each Suggestion, even if designated as confidential by Customer shall not, absent a signed, written agreement with CounterTack, create an obligation of confidentiality for CounterTack. CounterTack shall be free to use, disclose, reproduce, license or otherwise distribute and exploit each Suggestion as it sees fit, entirely without obligation or restriction of any kind on account of intellectual property rights or otherwise.

### 6.4 Announcements and Publicity

Neither Party shall make any announcement relating to the existence of an Agreement nor its subject matter nor referencing the other Party nor any member of the other Party's Group without the prior written approval in each case of the other Party except as required by law or regulatory authority.

**7. Confidentiality:** The parties acknowledge that during the term of Agreement, each party may be exposed to or acquire information or data of the other party that is confidential. For purposes of this Agreement, the term "**Confidential Information**" shall mean all information and documentation of a party that: (a) has been marked "confidential" or similarly legended; or (b) if disclosed orally, was described as confidential at time of disclosure, subsequently summarized in writing by the disclosing entity, marked "confidential," and provided to the receiving party. The Software and Documentation are Confidential Information of CounterTack. The parties agree to

hold all Confidential Information in strict confidence and not to disclose such Confidential Information to third parties other than employees, agents, or subcontractors of a party who have a need to know in connection with this Agreement or to use such Confidential Information for any purposes other than performance of this Agreement. If either party receives a subpoena or other legal process requiring disclosure of any of the other party's Confidential Information, it shall immediately give a copy thereof to the other party and provide reasonable assistance to the other party for purposes of obtaining a protective order.

## **8. Limited Warranty; Disclaimer:**

**8.1** CounterTack warrants for a period of 90 days from the delivery of the Software (the "Warranty Period") (expressly excluding any Improvements) that the Software, as delivered, will perform substantially in accordance with CounterTack's then-current Documentation when used as specified in that Documentation. CounterTack shall have no obligations under this warranty if the nonconformity is not reported to CounterTack during the Warranty Period. Customer's sole remedy and CounterTack's sole obligation with respect to any breach of the foregoing warranty is to use commercially reasonable efforts to repair or replace the Software. If CounterTack is unable to remedy the nonconformities within a reasonable time as agreed between the parties, Customer may terminate the license and this Agreement and a pro rata refund of fees already paid in advance will be made to the Customer..

CounterTack will not be responsible or liable for any failure to meet the foregoing responsibilities or any other responsibilities in this Agreement caused, in whole or in part, by Customer's systems.

**8.2** EXCEPT AS EXPRESSLY SET FORTH IN PARAGRAPH 8.1: (i) COUNTERTACK MAKES NO OTHER REPRESENTATIONS, WARRANTIES OR COVENANTS OF ANY KIND, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE; (ii) THE SOFTWARE AND DOCUMENTATION ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND; AND (iii) COUNTERTACK DISCLAIMS ANY AND ALL EXPRESS OR IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, OR NON-INFRINGEMENT. FURTHER, COUNTERTACK DOES NOT WARRANT, GUARANTEE, OR REPRESENT THAT USE OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE. Customer understands that CounterTack is not responsible for and will have no liability for hardware, software, or other items or services not provided by CounterTack.

**9. Indemnification:** CounterTack agrees to indemnify Customer from damages awarded to a third party by a final court judgment or agreed to by CounterTack in settlement on account of such third party's claim that the Software (when used by Customer in accordance with the terms of this Agreement and the Documentation and excluding any and all Third Party Software) infringes a patent or copyright enforceable within the United States or a European Union country, provided that Customer: (i)

promptly notifies CounterTack in writing of the claim, (ii) permits CounterTack to assume sole control of the defense or settlement of such claim, and (iii) provides CounterTack reasonable assistance in connection therewith. CounterTack will not be responsible for any settlement it does not approve in writing. CounterTack shall have no liability for any claim based upon (a) equipment, components or software not developed by CounterTack, (b) the combination, operation or use of Software with equipment, software, materials, processes or data not developed by CounterTack, (c) a modification not performed by CounterTack, (d) compliance with Customer's designs or instructions, (e) claims of infringement of patents, copyrights, trademarks or trade secrets of Customer, (f) Customer's continued allegedly infringing activity after being notified thereof or Customer's failure to Improvements supplied by CounterTack that would have avoided the alleged infringement. Customer will indemnify CounterTack and its officers and directors from all damages, settlements, attorneys' fees and expenses related to a claim of infringement or misappropriation excluded from CounterTack's indemnity obligation. THE FOREGOING STATES THE SOLE REMEDY OF CUSTOMER AND THE ENTIRE OBLIGATION OF COUNTERTACK AND ITS SUPPLIERS WITH RESPECT TO INFRINGEMENT OF THE INTELLECTUAL PROPERTY RIGHTS OF ANY THIRD PARTY.

**10. Limitation of Liability.** COUNTERTACK WILL NOT BE RESPONSIBLE OR LIABLE WITH RESPECT TO THIS AGREEMENT OR ANY PRODUCT ORDER, UNDER ANY THEORY OF LIABILITY INCLUDING BUT NOT LIMITED TO, CONTRACT, NEGLIGENCE, OR STRICT LIABILITY: (I) FOR INTERRUPTION OF USE OR FOR LOSS OR INACCURACY OR CORRUPTION OF DATA OR COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR TECHNOLOGY; (II) FOR ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS; (III) FOR ANY AMOUNTS IN EXCESS, IN THE AGGREGATE, OF THE GREATER OF (X) \$250,000 OR (Y) LICENSE FEES PAID TO COUNTERTACK UNDER THE AGREEMENT DURING THE 12-MONTH PERIOD BEFORE THE DATE THE CAUSE OF ACTION AROSE. IN NO EVENT WILL COUNTERTACK HAVE LIABILITY FOR ANY MATTER BEYOND ITS REASONABLE CONTROL.

## **11. Miscellaneous.**

**11.1 Assignment.** Customer may not assign this Agreement without CounterTack's prior written consent, which will not be unreasonably withheld but may be conditioned on the payment of additional license fees. CounterTack may not assign this Agreement without the Customer's prior written consent, which will not be unreasonably withheld. The foregoing notwithstanding, CounterTack may assign this Agreement upon written notice to Customer in the event of a sale of all or substantially all of the assets or controlling interest of CounterTack. Subject to the foregoing, this Agreement shall bind and inure to the benefit of the parties, their respective successors and permitted assigns.

**11.2 Entire Agreement; Amendment; Waiver.** This Agreement, the Product Order, GSA Multiple Award Schedule Contract GS-35F-0494T and all exhibits

and attachments, if any, constitute the entire agreement between the parties and supersede any and all previous and contemporaneous representations, understandings, discussions, or agreements between the parties as to the subject matter hereof. No modification, amendment, or waiver of any provision of this Agreement shall be effective unless in writing and signed by the party against whom the modification, amendment, or waiver is to be asserted. Customer agrees that its agreement hereunder is not contingent upon the delivery of any future functionality or features not specified herein or in a Product Order nor dependent upon any oral or written, public or private comments made by CounterTack with respect to future functionality or features for the Software. No failure or delay by either party in exercising any right under this Agreement shall constitute a waiver of that right. Other than as expressly stated herein, the remedies provided herein are in addition to, all other remedies of a party at law or equity. This Agreement may be executed in counterparts, all of which together will be deemed one and the same instrument.

**11.3 Severability.** In the event that any provision of this Agreement is determined by a court of competent jurisdiction to be invalid, unenforceable, or illegal, such invalidity, unenforceability, or illegality shall not affect any other provisions of this Agreement, the provision shall be modified by the court and interpreted so as best to accomplish the objectives of the original provision to the fullest extent permitted by law, and the remaining provisions of this Agreement shall remain in effect.

**11.4 Governing Law and Jurisdiction.** This Agreement shall be construed, and the relations of the parties shall be determined, in accordance with the laws of the State of New York in the United States, excluding its conflicts of laws principles.

**11.5 Equitable Relief.** The parties agree that a material breach of this Agreement adversely affecting proprietary rights would cause irreparable injury for which monetary damages would not be an adequate remedy and

that the affected party shall be entitled to equitable relief in addition to any remedies it may have hereunder or at law.

**11.6 Notices.** Any notice or other communication hereunder shall be in writing and will be deemed to have been duly given when delivered personally, or 1 business day after it is sent by reputable overnight courier (charges prepaid), or 4 business days after it is sent by first-class, registered or certified U.S. mail, postage prepaid, to the respective addresses of the parties as set forth in the Product Order (or such other address as a party may designate by notice as permitted hereunder) and marked "Attention: Legal."

**11.7 Basis of Bargain.** Each party recognizes and agrees that the warranty disclaimers and liability and remedy limitations in this Agreement are material bargained for bases of the Agreement and that they have been taken into account and reflected in determining the consideration to be given by each party under the Agreement and in the decision by each party to enter into the Agreement.

## Appendix: Licenses

### GNU GENERAL PUBLIC LICENSE

Version 2, June 1991

Copyright (C) 1989, 1991 Free Software Foundation, Inc.  
51 Franklin Street, Fifth Floor, Boston, MA 02110-1301, USA

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

#### Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users. This General Public License applies to most of the Free Software Foundation's software and to any other program whose authors commit to using it. (Some other Free Software Foundation software is covered by the GNU Lesser General Public License instead.) You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs; and that you know you can do these things.

To protect your rights, we need to make restrictions that forbid you these rights or to ask you to surrender the rights. These restrictions translate to certain responsibilities for you if you distribute copies of the software, or if you modify it.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must give the recipients all the rights that you have. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

We protect your rights with two steps: (1) copyright the software, and (2) offer you this license which gives you legal permission to copy, distribute and/or modify the software.

Also, for each author's protection and ours, we want to make certain that everyone understands that there is no warranty for this free software. If the software is modified by someone else and passed on, we want its recipients to know that what they have is not the original, so that any problems introduced by others will not reflect on the original authors' reputations.

Finally, any free program is threatened constantly by software patents. We wish to avoid the danger that redistributors of a free program will individually obtain patent licenses, in effect making the program proprietary. To prevent this, we have made it clear that any patent must be licensed for everyone's free use or not licensed at all.

The precise terms and conditions for copying, distribution and modification follow.

### TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License applies to any program or other work which contains a notice placed by the copyright holder saying it may be distributed under the terms of this General Public License. The "Program", below, refers to any such program or work, and a "work based on the Program" means either the Program or any derivative work under copyright law: that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, translation is included without limitation in the term "modification".) Each licensee is addressed as "you".

Activities other than copying, distribution and modification are not covered by this License; they are

outside its scope. The act of running the Program is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program (independent of having been made by running the Program). Whether that is true depends on what the Program does.

1. You may copy and distribute verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with the Program. You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Program or any portion of it, thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

a) You must cause the modified files to carry prominent notices stating that you changed the files and the date of any change.

b) You must cause any work that you distribute or publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as a whole at no charge to all third parties under the terms of this License.

c) If the modified program normally reads commands interactively when run, you must cause it, when started running for such interactive use in the most ordinary way, to print or display an announcement including an appropriate copyright notice and a notice that there is no warranty (or else, saying that you provide a warranty) and that users may redistribute the program under these conditions, and telling the user how to view a copy of this License. (Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program is not required to print an announcement.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Program, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may copy and distribute the Program (or a work based on it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:

a) Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,

b) Accompany it with a written offer, valid for at least three years, to give any third party, for a charge no more than your cost of physically performing source distribution, a complete machine-readable copy of the corresponding source code, to be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,

c) Accompany it with the information you received as to the offer to distribute corresponding source code. (This alternative is allowed only for noncommercial distribution and only if you received the program in object code or executable form with such an offer, in accord with Subsection b above.)

The source code for a work means the preferred form of the work for making modifications to it. For an executable work, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the executable. However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

If distribution of executable or object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place counts as distribution of the source code, even though third parties are not compelled to copy the source along with the object code.

4. You may not copy, modify, sublicense, or distribute the Program except as expressly provided under this

License. Any attempt otherwise to copy, modify, sublicense or distribute the Program is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

5. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Program or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Program (or any work based on the Program), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Program or works based on it.

6. Each time you redistribute the Program (or any work based on the Program), the recipient automatically receives a license from the original licensor to copy, distribute or modify the Program subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties to this License.

7. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Program at all. For example, if a patent license would not permit royalty-free redistribution of the Program by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Program.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system, which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

8. If the distribution and/or use of the Program is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Program under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

9. The Free Software Foundation may publish revised and/or new versions of the General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Program specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of this License, you may choose any version ever published by the Free Software Foundation.

10. If you wish to incorporate parts of the Program into other free programs whose distribution conditions are different, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

#### **NO WARRANTY**

**11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.**

12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

## TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

### 1. Definitions.

“License” shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

“Licensor” shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

“Legal Entity” shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, “control” means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

“You” (or “Your”) shall mean an individual or Legal Entity exercising permissions granted by this License.

“Source” form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

“Object” form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

“Work” shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

“Derivative Works” shall mean any work, whether in Source or Object form, that is based on (or derived

from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

“Contribution” shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, “submitted” means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as “Not a Contribution.”

“Contributor” shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. **Grant of Copyright License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. **Grant of Patent License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. **Redistribution.** You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

You must give any other recipients of the Work or Derivative Works a copy of this License; and  
You must cause any modified files to carry prominent notices stating that You changed the files; and  
You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and  
If the Work includes a “NOTICE” text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License. You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. **Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor

regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

Python 2.5 license

This is the official license for the Python 2.5 release:

#### A. HISTORY OF THE SOFTWARE

=====

Python was created in the early 1990s by Guido van Rossum at Stichting Mathematisch Centrum (CWI, see <http://www.cwi.nl>) in the Netherlands as a successor of a language called ABC. Guido remains Python's principal author, although it includes many contributions from others.

In 1995, Guido continued his work on Python at the Corporation for National Research Initiatives (CNRI, see <http://www.cnri.reston.va.us>) in Reston, Virginia where he released several versions of the software.

In May 2000, Guido and the Python core development team moved to [BeOpen.com](http://www.beopen.com) to form the BeOpen PythonLabs team. In October of the same year, the PythonLabs team moved to Digital Creations (now Zope Corporation, see <http://www.zope.com>). In 2001, the Python Software Foundation (PSF, see <http://www.python.org/psf/>) was formed, a non-profit organization created specifically to own Python-related Intellectual Property. Zope Corporation is a sponsoring member of the PSF.

Footnotes:

(1) GPL-compatible doesn't mean that we're distributing Python under the GPL. All Python licenses, unlike the GPL, let you distribute a modified version without making your changes open source. The GPL-compatible licenses make it possible to combine Python with other software that is released under the GPL; the others don't.

(2) According to Richard Stallman, 1.6.1 is not GPL-compatible, because its license has a choice of law clause. According to CNRI, however, Stallman's lawyer has told CNRI's lawyer that 1.6.1 is "not incompatible" with the GPL.

Thanks to the many outside volunteers who have worked under Guido's direction to make these releases possible.
